milligan college, tennessee

P. 11. 11
MILLIGAN COLLEGE, TENN. 37682

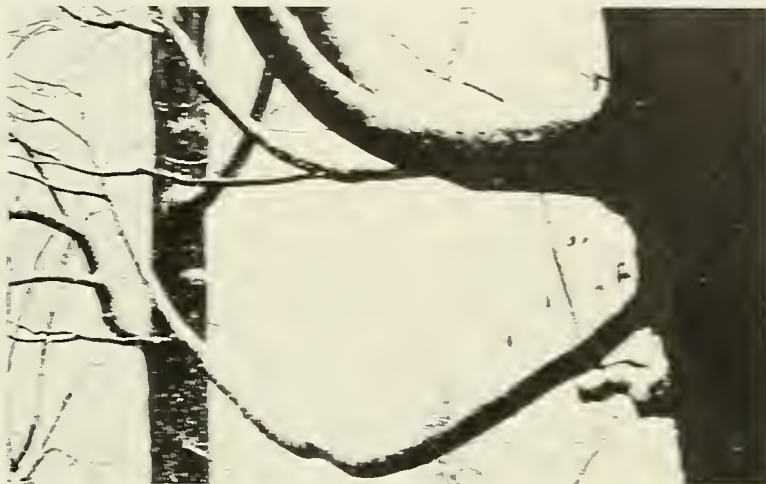

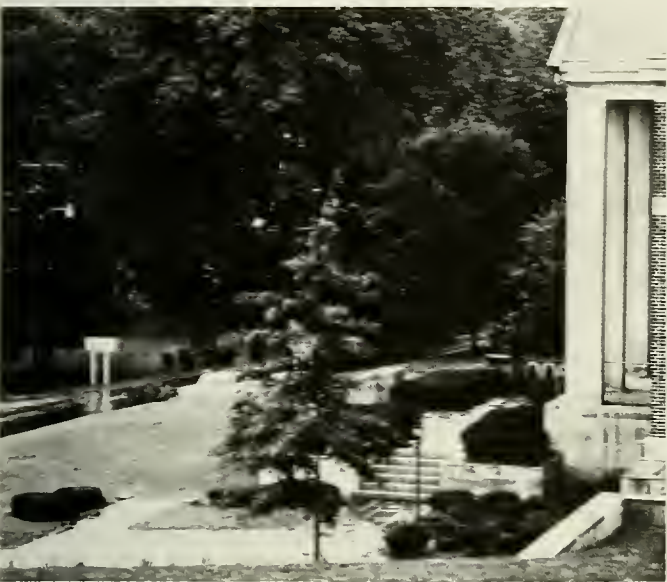

When I think of yesterday,
I think of college
Where everything begins
and ends.

I think of the seasons,
the vibrantly colored leaves
falling in the rain, the
majestic beauty of the
campus after a new fallen
snow, and of the fresh
greenery of the spring.

I think of the steady,
lonely rain,
And of all the times I got
caught without an umbrella.

57497

I think of those special relationships
formed during my college years,
Moments which will never be forgotten
though the years roll by.

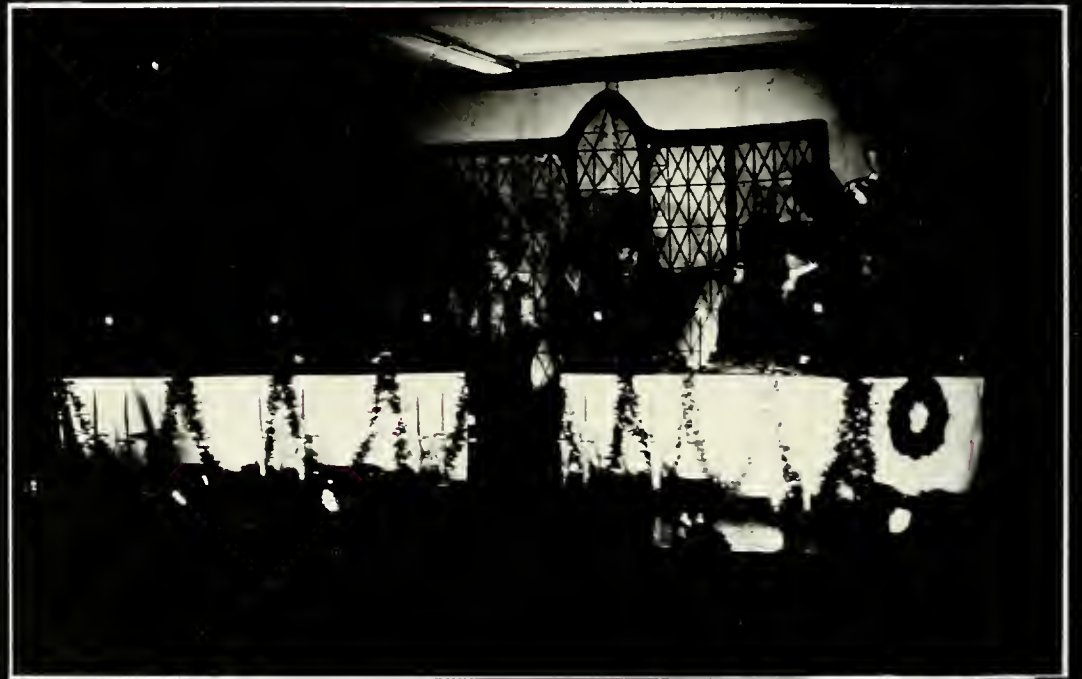

I remember cheering the
 track team,
 Sitting under the "This
 is Buffalo Territory" banner,
 Quietly watching a tennis
 match,
 Seeing the golf team tee off,
 Screaming at the wrestling
 meets,
 This was Milligan's athletics
 . . . it was tense and
 exciting.

I think of the long walks I took,
Those endless hours spent in
solitude.

I remember the carefree times, all
too short and gone now.
And hours spent doing nothing,
mostly dreading the work
I had to do, but never seemed to
get done.

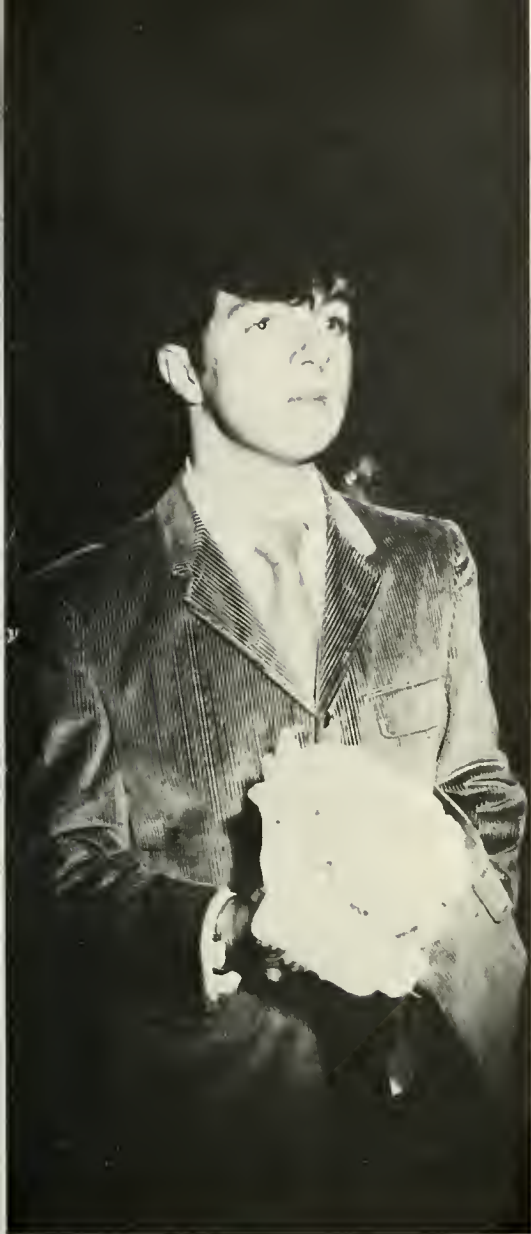

I remember my involvement
... or the lack of it.

As I ponder these thoughts I think of the song, "Is That all There Is?" and I come to the realization that Milligan is more than just a group of students, faculty, and administration, interested only in themselves. Milligan is a place where people CARE.

ACTIVITIES 1970
1970 activities
activities 1970

TOP LEFT—On first arriving at Milligan one immediately notices the 'One-Lane Bridge' sign, and this year even greater things lay ahead. TOP RIGHT—This year our 'one Lane Bridge' was under construction which meant a long detour around by Minton's. 'Time marches on' and progress must occur, but most students seemed to favor a single lane bridge and enough water for a Saturday bath, or a Sunday morning shower, than the alternatives. BOTTOM LEFT—A familiar scene to all Milligan students, the tennis courts.

Milligan Welcomes Freshmen!

The sun shines brightly on the breath taking beauty of the campus ... however, at midnight the moon shines on the breathless freshmen as they complete the rugged 'Milligan Mile.'

Involvement is a key word as teams
Newcomers soon learn the meaning of

cooperate in sports activities.
 "vim, vigor, and vitality!"

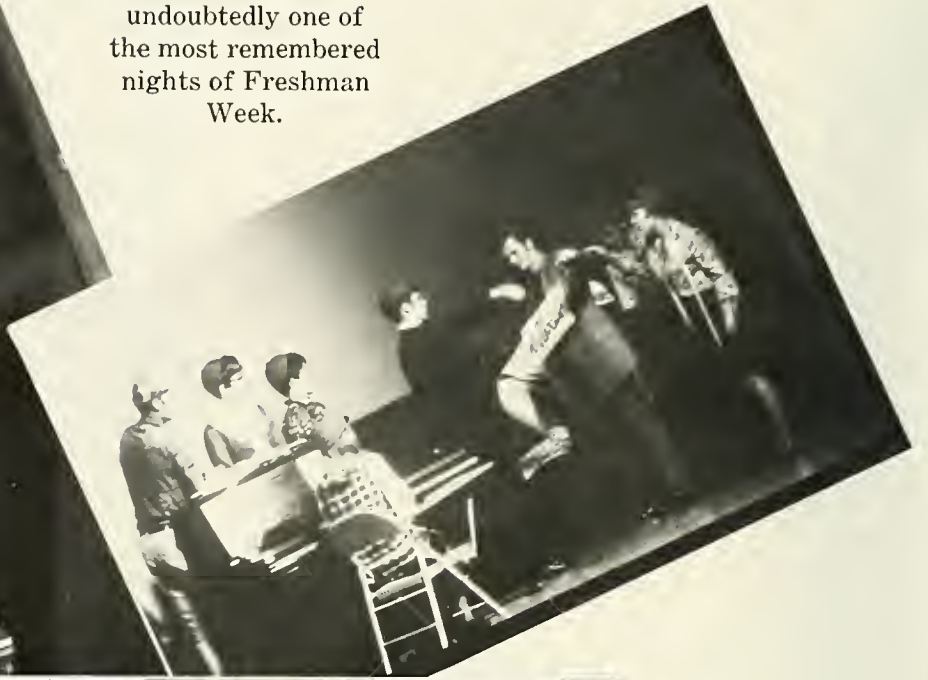

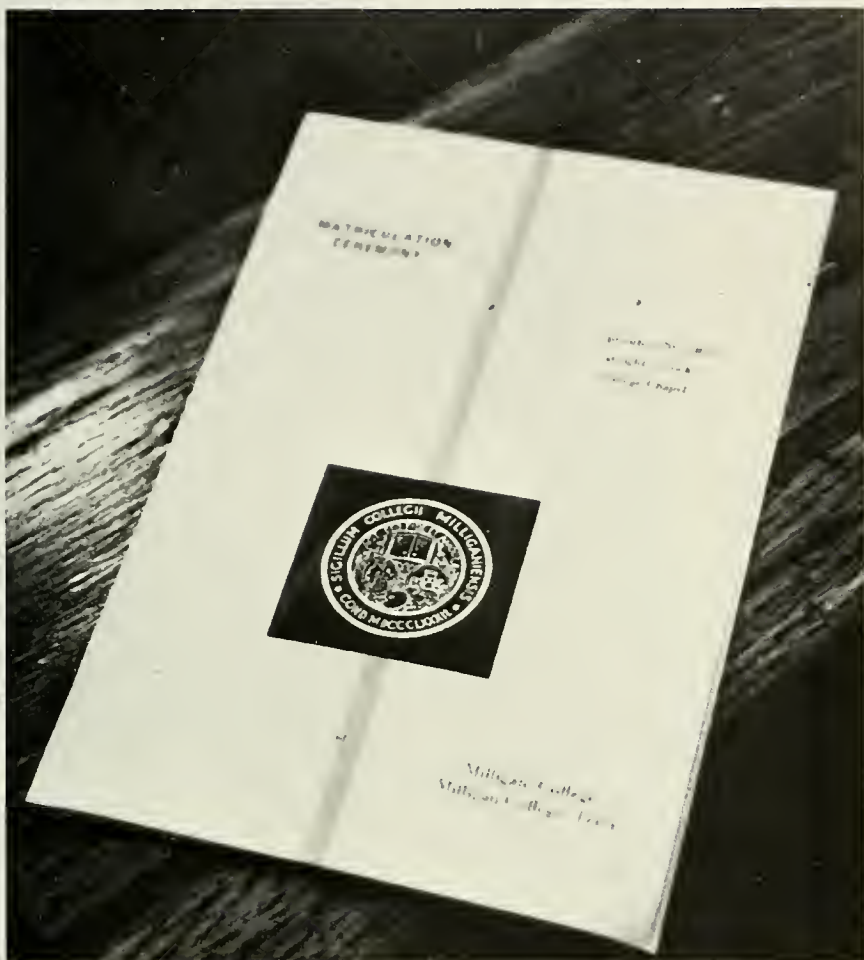

Work becomes fun as freshmen combine efforts to win points for themselves and their teams.

Woe be unto all freshmen—
and team leaders—who fail
to wrack up those points.
Led by veteran conspirators,
Holocaust is the most dreaded
hour of Freshman Week.

Talent night is undoubtedly one of the most remembered nights of Freshman Week.

Freshmen abandon their beloved dinks as they are formally initiated into the Milligan family.

Students Find Time for

Leisurely Activities

Hootenannys, ice-cream
socials, and leaf rakes
all become important in
the life of every Milligan
student.

Belated Bewitchings — A Real Scream!

The date was November 7, 1969. The moon was full. Creatures abounded. All headed toward Cheek Memorial Gymnasium. The scene was spooky. A fortune teller expounded. Apple bobbers gurgled. People laughed. Apple cider was guzzled. People screamed. The Culhanes made a guest appearance. A vampire and a vampiress sang a "bloody good" song. (Kathy Robbins and Jim Byerly in disguise).

The donuts were consumed. Hay was strewn. Ghostly stories were told (thanks to Tom Fore and Mike Mutterspaugh, the crazy Eskimo.)

The voices dimmed. Student Council sighed. People exited and the scene was silent. But they were not soon to forget Student Council's "Be-lated Bewitchings."

Miss Diane Skillman

Play, Parade, and
to Make Founders

Coronation Combine Day an Exciting Affair

November 27, 1969 will long be remembered by the nine coeds running for Founder's Daughter. After buying their dresses, participating in the Elizabethon parade, attending the buffet, and watching the faculty-alumni basketball game, the candidates were more than just a little tense and anxious while listening to Professor Lawson's speech. The excitement of the moment was evidenced by the cold hands of the girls as they were presented to the audience. And then the moment we had all been waiting for, FOUNDER'S DAUGHTER OF 1969-1970 ... MISS DIANE SKILLMAN.

Toys for Tots — a Success!

December the sixth finally arrived! And as Milligan's concerned students dressed out in grubbies, last minute preparations were made for the most successful "Toys for Tots" campaign ever executed by Milligan's student body. Since the entire campaign was under the direction of Bob Maynard and Dan Steucher, however, this was not an unexpected outcome.

Once the females stopped trying to get the Marines and started collecting toys, things started moving. And as the Sutton lawn filled, Milligan's students were seen experiencing a sort of "second childhood" riding tri-cycles, burping babies, and playing cowboys.

By four o'clock, all were cold, hungry, and tired—yet all had a warm satisfaction deep down inside. It was worth the aches and pains to know that hundreds of children were going to have a Merry Christmas!!!

That the regal pageantry and ceremonial pomp of "Merrie Olde England," 16th Century, will be captured by:

Be It

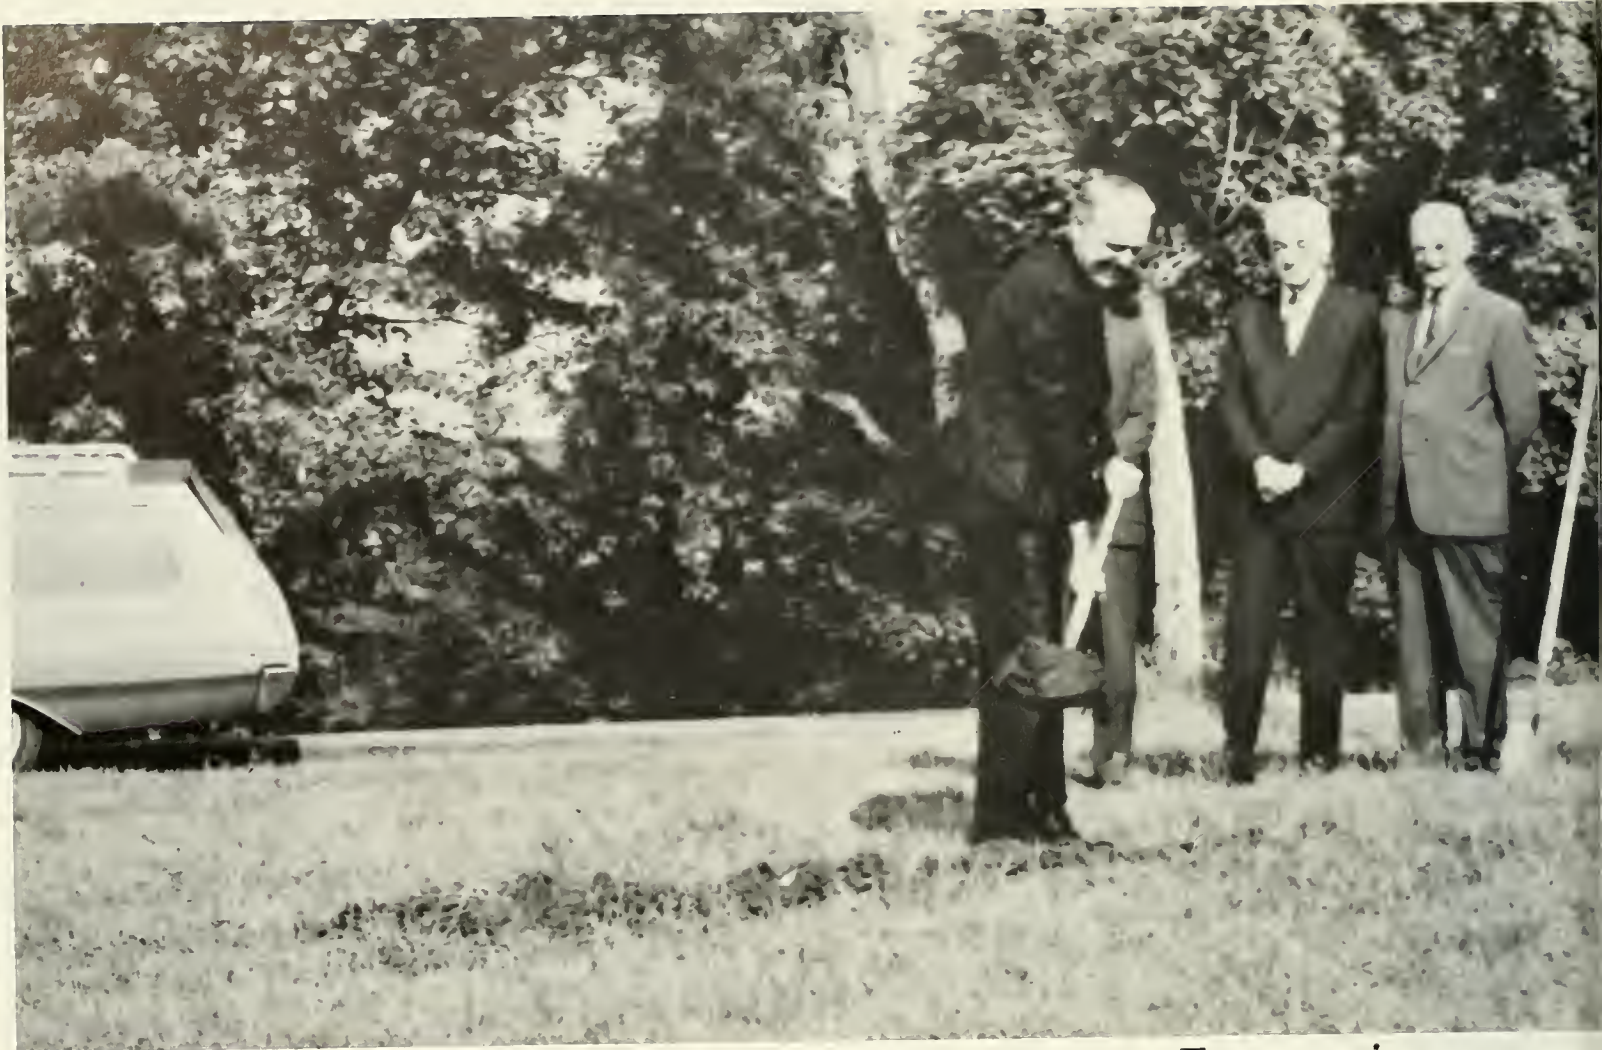

OPPOSITE PAGE—The hoisting of a sparkling toast from the Wassail Bowl.
MIDDLE LEFT—The procession of the litter bearers with the Boar's Head.
TOP RIGHT—The Flaming Plum Pudding and the wandering minstrels at your table.

Now Known

The Concert of Madrigal selections by a select group from the School of Music.

Campus Experiences

Much activity was seen on the Milligan campus as work proceeded on the bridge leading to the campus, building the new maintenance shop, remodeling the S.U.B., re-arranging the library, surveying for the new science complex, and obvious to all students, the demolishing of the storage warehouse, across from the post office.

LEFT—President Johnson, Steve Lacy, Chairman of the Board, Chancellor Dean Walker, Professor Roy Hampton, Doug Theobald, and Mr. Banks, Secretary of the Board, participate in ground breaking ceremonies for the science building. BOTTOM—A landmark in Milligan's history was demolished to make way for landscaping the land around the chapel, and will greatly enhance the beauty of the campus.

Physical Changes

This year's intramural program has had tremendous participation from the students. Coach Phil Worrell headed the program along with his dependable student directors, Ron Worrell and Diane Skillman. There were eight teams to which every student in Miligan was placed. The teams, named after the Zodiac are: Aries, Aquarius, Capricorn, Gemini, Leo, Sagittarius, Scorpio, and Taurus.

Each team has two managers, one for men and one for women; these sixteen people plus the two student directors make up the intramural council, which meets to plan the program and to discuss any difficulties with specific sports.

In contrast to the off-quoted criticism of Milligan as being "isolated in the hills of East Tennessee," students were involved in the real issues of the time. The Peace Moratorium, October 15, was evidenced by the Prayer for Peace and the breakfast discussion led by Dr. Crowder, as well as numerous 'STRIKE' shirts seen on campus. Student teachers, feeling their social responsibility, responded by participating in the TEACHER CORP, a new avenue for service to the underprivileged children of Appalachia.

Milligan Students Get Involved

Due to the efforts of the Young Republican's Club, Senator Howard Baker of Tennessee spoke on campus, as well as other political speakers. Discussions, folk concerts, and sing-ins—these were the key word of Milligan.

Sweetheart Banquet — a

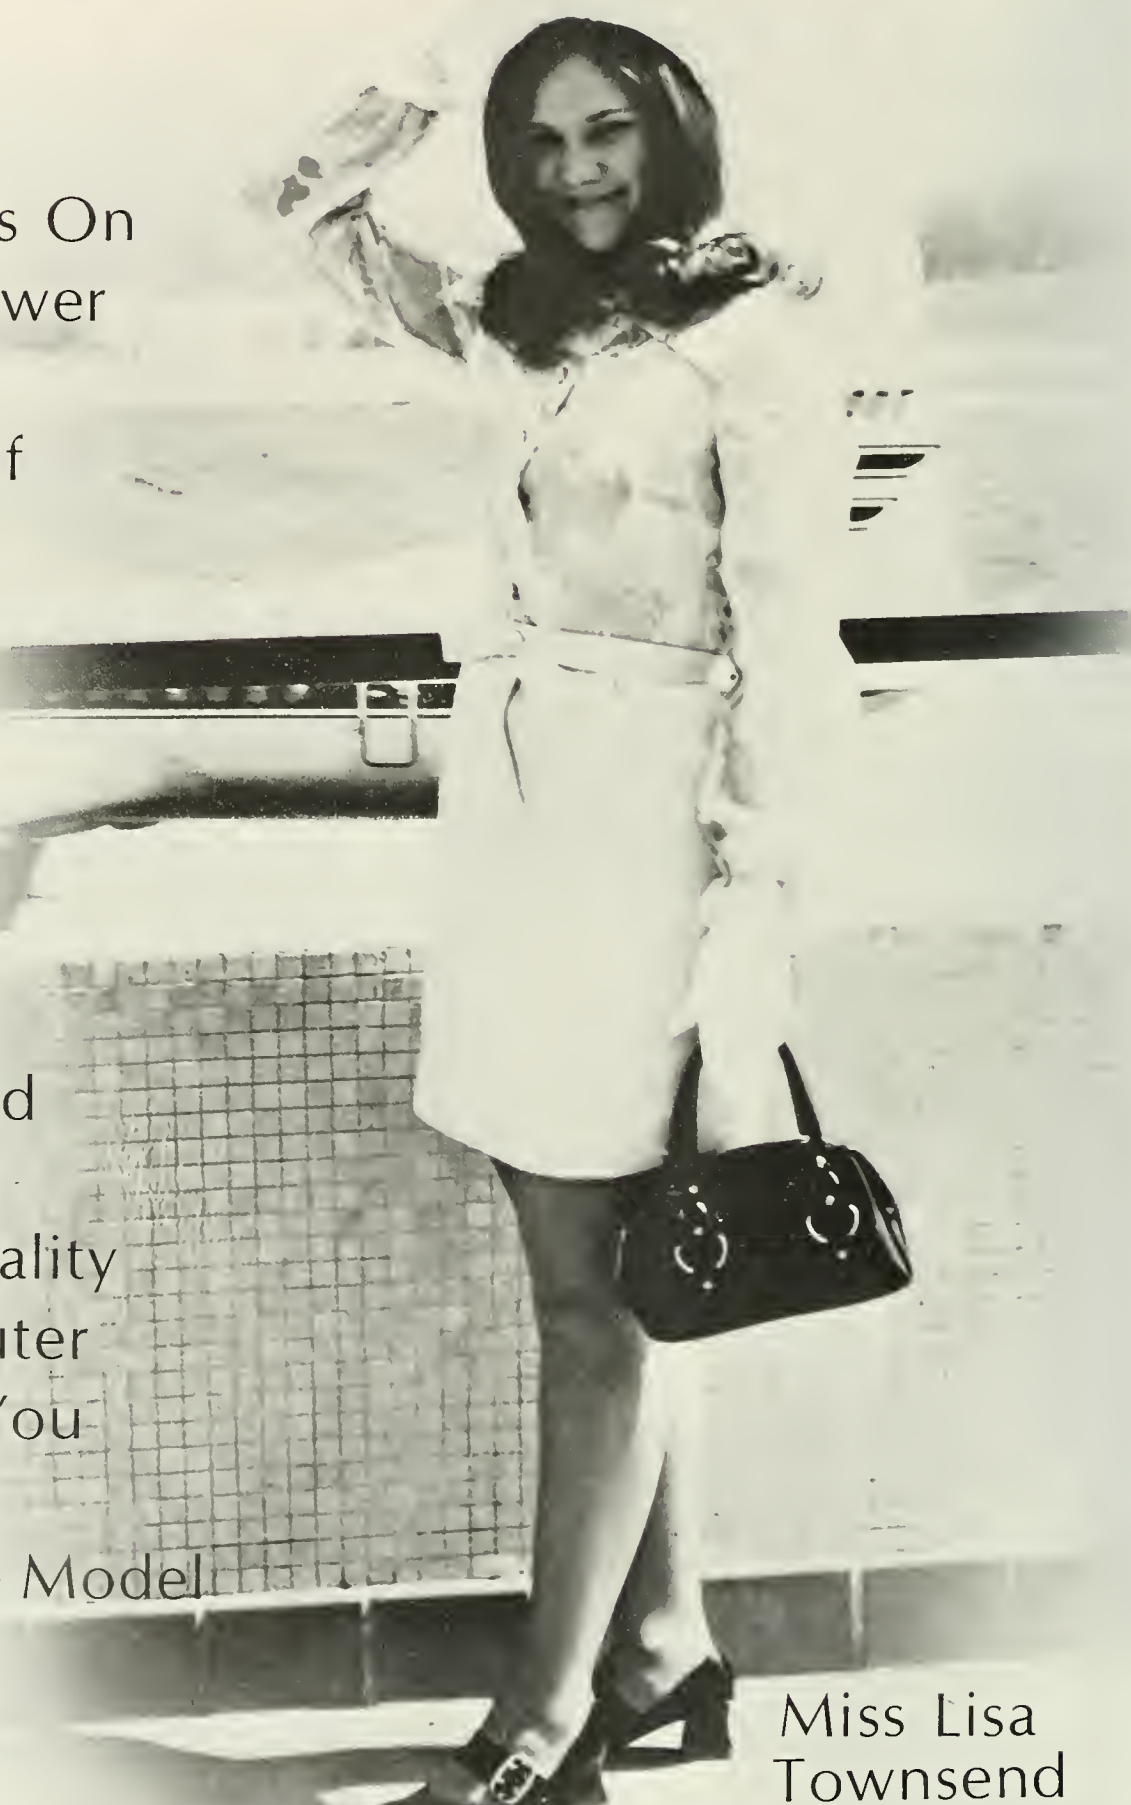

'A night in 'ole Camelot' was the scene of this year's sweetheart banquet. The beauties of each class were lovely as they were presented before the back-drop of an 'ole English castle. 'King Arthur' Stout reigned over the evening's activities as Bev, Mike, and Denny provided entertainment for the royalty. The only thing which dampened spirits was the fact that Kathy was ill and unable to attend.

This year Milligan had a varied program in its Concert series, with such notables as The Camarata Singers, George Shirley, Jimmy Little, and for our pop concert the Boxtops.

TOP AND BOTTOM LEFT—George Shirley in concert.
BOTTOM RIGHT—Up-With-People Concert enthuses crowd.

Concert Series Invites Comment

TOP AND LEFT CENTER—ACTOR JIMMY LITTLE PROVIDED dramatic readings with an excerpt from THE BOOK OF JOB. BOTTOM LEFT—UP-WITH-PEOPLE “swing” into action. RIGHT—THE BOXTOPS, who performed their hit. THE LETTER appeared here in concert March 7th.

Milligan Tradition

Due to pressure from the Student Council, Milligan's female students were allowed to wear slacks in the dining hall and library after 5:00. This change was much appreciated both by males and females alike.

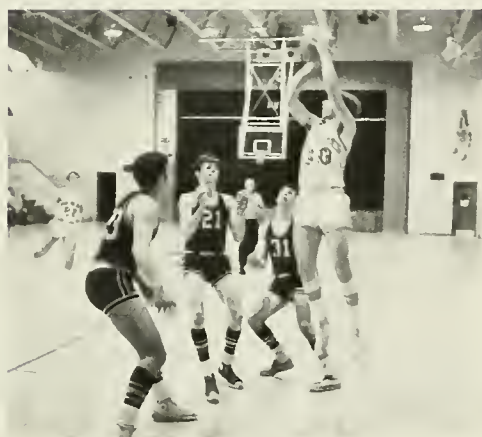

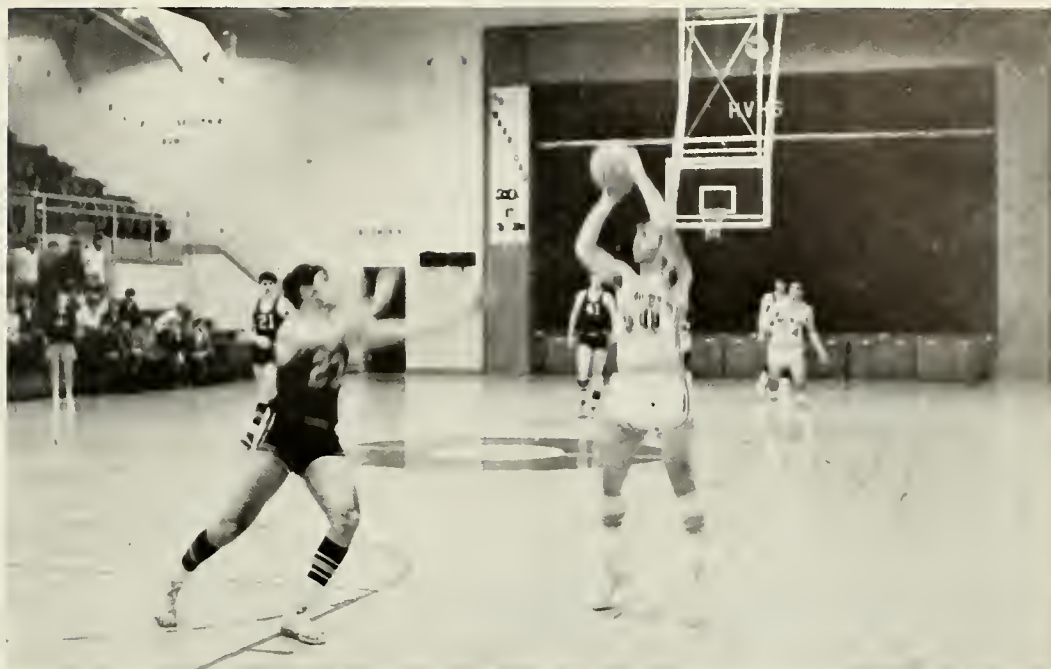

Is Broken

Seated, left to right—Judy Butler, Cathy Cross, Jane Abrell; Standing—John Banks, Ray Stahl, Darryl Brooks, Gary Perkins, Jeff Knowles.
Not pictured: Kathy Ewbank.

Faculty Selects Seniors to Who's Who in American Colleges and Universities

Toonie Cash demonstrates the form he used in scoring his 2000-plus points in only three seasons at Milligan. Needless to say, this was a tremendous achievement, attained by only a few, and accounts for the one of the reasons why he is ranked nationally.

Students Work Hard to Perfect Skills

Concert choir members spend long hours in practice to perfect their selections before they depart on their two-month summer tour, which will take them across the country.

"The North wind blows cold" in East Tennessee as the temperature dipped to new lows; but, nevertheless, classes went on as scheduled. For over a week the mercury was stuck around -15 degrees, and although classes weren't cancelled, the female students were allowed to wear slacks on campus; except, of course, to the Chapel.

Winter Brings a Cloak

of Stillness to Milligan

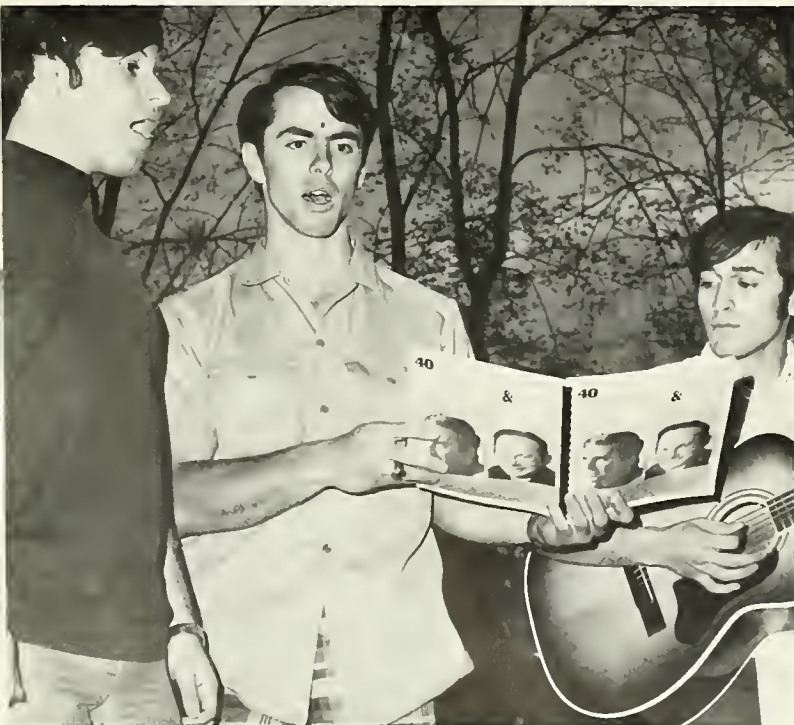

FAR LEFT—Jim and Ernie do their part to make 'Concerned Tuesday' a success. LEFT—The reward for involvement—and ice cream social which was RIGHT—enjoyed by all.

FAR LEFT—President and Mrs. Johnson greet one of the new-comers to the senior class as Woody and Marilyn look on. LEFT—Pam, Tom, Katy, Julia, Denny, and Nancy enjoy the refreshments and conversations at the open-house, held at the home of President and Mrs. Johnson. ABOVE—Darryl and Sandi prove that "Things go better with COKE!" RIGHT—"Fix your own banana splits" proved to be a challenge to all.

A Whirl of Concerned Awards Banquet,

LEFT — Mike, Steve, and Jamie entertain juniors and seniors at the steak fry. MIDDLE RIGHT — "The food's ready"—and all come running. FAR RIGHT — Tom blazes one into his catcher as Ump Wetzel looks on. Seniors lost the game, 10-6. BOTTOM RIGHT — A good game of volleyball aids the digestion. BOTTOM FAR RIGHT — The most appreciated man at the steak fry—Chef Helsabeck.

Excellent' Rating

The STAMPEDE staff under the leadership of John Rohrbaugh has made the campus newspaper into an effective instrument, voicing the opinion of the administration, faculty, and student body. The numerous awards and consistently high ratings attest to the fact that the STAMPEDE is indeed a noteworthy publication.

Sparks, Phillips Selected

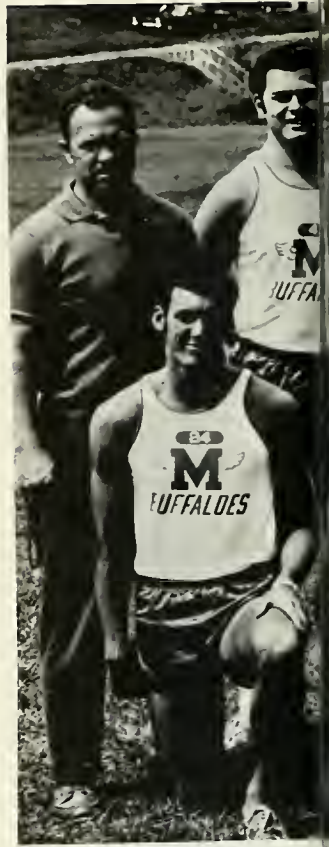

to All-District 24 Team

The Milligan baseball team finished another winning season with a good effort from the pitching staff and adequate hitting and fair defense. Several men gained honor this year, and they include Danny Smith and Bruce Kregloe as All-V.S.A.C. outfielders, and Bert Sparks honorable mention as V.S.A.C. shortstop. Bert and Dave Phillips were named to the All-District 24 of the N.A.I.A. Bruce Kregloe led Milligan in hitting and was ranked 15th in the nation's collegiate standings with a torrid batting average of .448. Dave Phillips was the Buff's best pitcher with an E.R.A. of 1.48. Monty Baldwin had the best won-lost record with a 5-2 mark, and Rexx Parris was the best fielder with a .979 average. The "Mr. Buffalo" award for leadership and hustle went to Bert Sparks, the team captain.

Cal and Jack, Only

The 1970 tennis schedule consisted of fourteen regular season matches, one pre-season match, and the V.S.A.C. tournament held in Knoxville, Tennessee. Milligan won only three of its fourteen matches but showed improvements throughout the season. Victories were against opponents Mars Hill, King, and Lincoln. Home matches were played at Science Hill High School due to construction problems with Milligan courts, which are scheduled to be repaved and topped with a color court sealant in green and red this summer. Returning lettermen Jack Methany and Cal Wilson provided strong leadership and the experience needed on this year's team.

Two Returning Lettermen

TOP—No. 2 doubles, Mike and Cal Wilson, turn in a good effort against a determined opponent. BOTTOM LEFT—Bill Vanderwall moves into action during his match. BOTTOM RIGHT—Members of the 1970 tennis team include, left to right, Gary Davis, Bill Vanderwall, Mike Wilson, Cal Wilson, Lynn Jarrett, Jack Methany, and Coach Howard Lamon.

TOP—After chipping on the green, Ron McCready talks his ball toward the hole. McCready playing in his third season for the Buffs, has had two holes-in-one in competition. CENTER LEFT—Dan Hasselbeck displays only head and shoulders as he pitches uphill to the first green. CENTER RIGHT—Lanky sophomore, Dan makes a bid for a birdie on the par-5 14th. "Caddie of the year" Gary Edwards displays excellent form as he tends the pin. BOTTOM LEFT—Johnny Black has never been one to pose for annual photos. Here he keeps his eyes down on the ball while punching out of the rough on #16. BOTTOM RIGHT—Mark Roth hits a wedge to the 18th green.

Inexperience Fails to Halt Buff Golfers

TOP LEFT—Ron "Pop" McCready keeps his head down as he hits from the rough to the #1 green. TOP RIGHT—On the par-3 17th hole, Mark Roth displays the release club action, which made him one of the longest "knockers" on the team. BOTTOM—Former P.G.A. teaching pro, J. Black shows perfect form from the fairway trap on #18.

Bufs Finish Season at 12-3

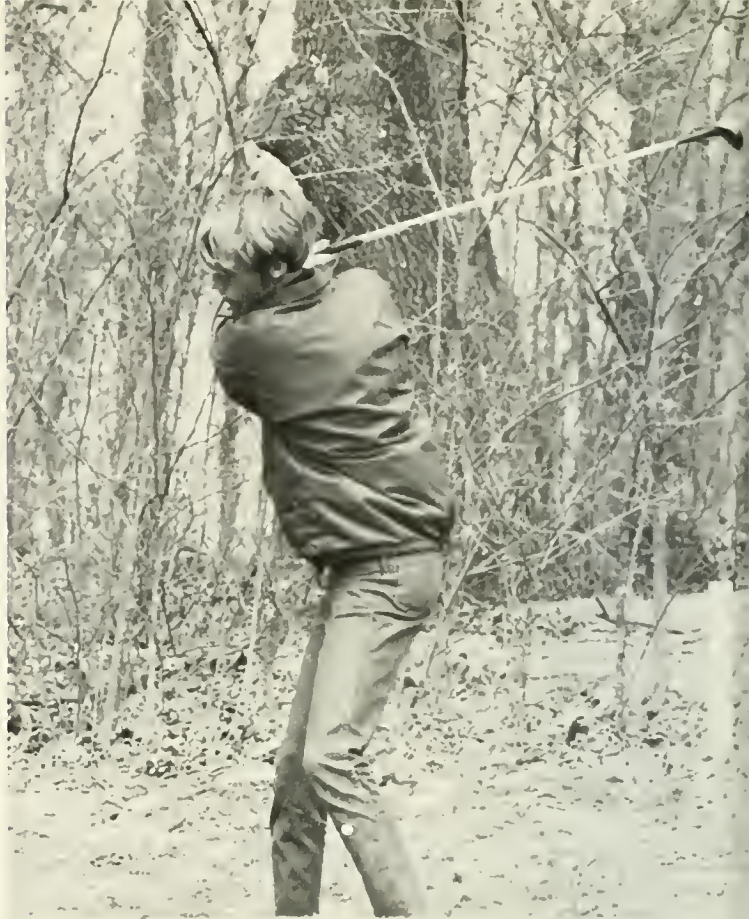

RIGHT—Dan Hasselback shows what a good swing looks like as he tees off on #15. BOTTOM LEFT—Lanky Dick Bock gives his ball a threatening look as he chips onto the 18th green. BOTTOM RIGHT—Mark Roth chips to the green on the 16th as Johnny Black looks on.

TOP LEFT—Ron McCready pitches over a fairing trap to the 18th green. A junior, McCready was the best scorer on the team with a stroke average of 76. TOP RIGHT—John Black shows perfect form in his iron shot to the par 3 17th at Elizabethton Golf Course. It was on this same that McCready scored a hole-in-one during regular season play. BOTTOM—Although dances are not allowed at Milligan, Tom Owens does one here as his ball hangs on the lip of the cup.

The golfing Buffs finished out the '70 season by placing second in the District 24 play-offs held at the Tansi Golf Course in Crossville, Tennessee, while compiling a 12-3 record for regular season play, the best season in Milligan's golfing history. Ron McCready was the leading scorer for Milligan during the regular season with a 76.1 stroke average. He was followed by John Black with 79.1, and Dan Hasselbecks' 80.5. Hasselbeck proved to be the best man under pressure, however, with an average of 79.

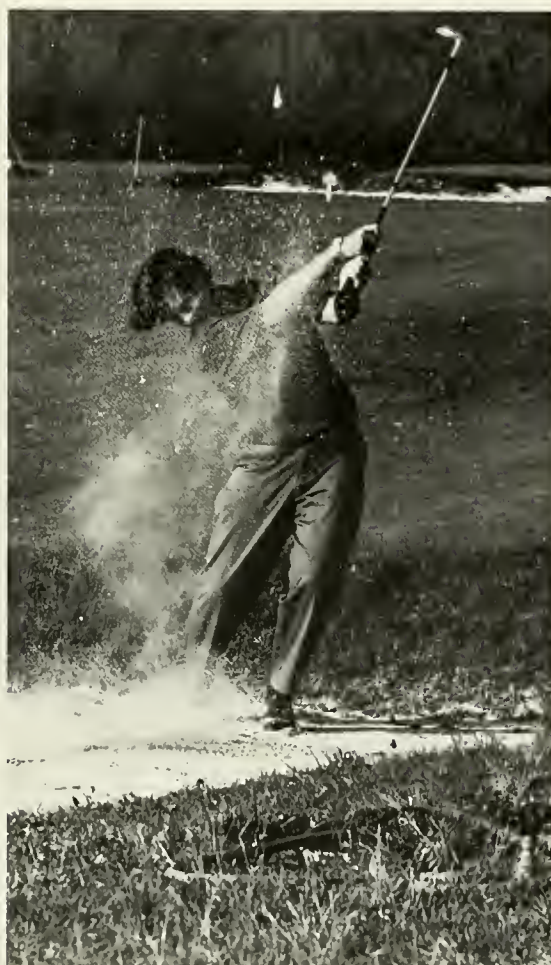

TOP—Sophomore Gary Morrell drives from the tee on #2 at Elizabethton Golf Course. RIGHT—1970 Milligan golf team includes, left to right, Gary Morrell, Ron McCready, Tom Owens, Coach Harry Wall, Dick Bock, Mark Roth, Dan Hasselbeck, John Black, and Bruce Moore. FAR RIGHT—With the #10 green in the background, Bruce Moore blasts his way out of trouble (and into some more?).

1970 people PEOPLE 1970 people 1970

carol tinkler, assistant

Fellow Christians:

You are to be congratulated upon your achievements of the past year. You have grown educationally, socially, and spiritually.

I especially wish to salute our graduating seniors. Your years at Milligan have enriched our lives, and as we have joined in the pursuit of a Christian higher education, you have meant more to all of us than we can ever express. May success attend every facet of your life as you enter into your vocation under the Lordship of Christ.

We are fellows. We have shared in the surge and acquisition of knowledge. We have shared in social and recreational experiences. We have shared in faith created by our Father's revelation. Together we have known joy and sadness, triumph and defeat, achievement and failure, and through it all we have become thankful and growing members of that portion of the Christian family that comprise Milligan College. As a spokesman for that family, let me express thanksgiving and appreciation to all of you—the alumni, the students, the faculty, the administration, and particularly our graduating seniors. My prayer is that our Father will use our lives as living demonstrations of the purposes to which Milligan College is dedicated.

Jess W. Johnson, President

B.F.A., M.Ed., University of Georgia; Georgia State College for Women, University of Tennessee.

Human achievement in the arts of thought and expression is one of the major studies of a liberal arts college. The "humanities" in partnership with science and revelation contribute to the freedom and moral potency of the human spirit. In the study of the humane disciplines, Milligan seeks to emphasize what is basic, feeling that a collegiate education should equip men and women with a love for correct thinking and right living; thus, equipped to master whatever occupation they choose.

DOROTHY BRYANT
Instructor of English

A.B., Milligan College; M.A., East Tennessee State University.

The course of study in English language and literature is designed to enable the student to write clearly and effectively, to read with appreciation, enjoyment, and understanding, and to construct intelligent standards for the critical evaluation of literature.

JUANITA JONES
Assistant Professor of English

B.A., Milligan College; M.A., University of Tennessee; East Tennessee State University; University of Chicago.

HAROLD SHERWYN BACHMAN
Assistant Professor of Music and
Director of the Choirs
B.A., Goshen College; M.M. Indiana University.

The Music faculty purposes to promote understanding and enjoyment of music in the college at large and to provide specialized training for those who plan careers in music. Milligan College offers both a major and minor in music. Students who participate in music should realize that this is an experience in aesthetics as well as musical proficiency.

JOHN DOWD
Assistant Professor of Music
B.M., M.M. New England Conservatory of Music; Boston University; University of Tampa; University of West Virginia.

STUART CHARLES MILLIGAN
Assistant Professor of Music
B.M., M.A., University of Rochester, Eastman School of Music; New York State University.

The study of philosophy is to increase the student's ability to think intelligently about basic views concerning man and the universe which underlie our everyday social, political, economic, religious, and scientific theories and activities. It introduces the student to the names and basic ideas of philosophers who have influenced the thought and action of the modern world.

DENIS HELSABECK

sity; Ph.D., Columbia University.

ORVEL C. CROWDER
Associate Professor of
Psychology and Bible
B.A., Hiram College; M.A., Cincinnati
Bible Seminary; Th.B., Harvard; D.D. At-
lanta Christian College.

Psychology is science in its endeavor to understand, predict, and control the behavior of man. It is in this vital area of the curriculum that Christian faith and values, the fine arts, politics, the business of being parents, teachers, ministers, industrialists, and all the rest, become decisively engaged with contemporary scientific techniques and attitudes. What happens here counts! ... in every life.

The young science of psychology is playing an increasingly important role in the making of the modern world. Careers in psychology are among the most attractive available to those who desire to significantly serve their fellow man. An introductory acquaintance with psychological discoveries and theories is of great practical value in many other professions.

Area of Professional Studies

CO-CHAIRMAN PAUL A. CLARK
Professor of Education and
Director of Teacher Education

B.A., Harding College; M.A., East Tennessee State University; Ed.D., University of Kentucky.

The curricula in the Area of Professional Learning are offered to those students who are planning careers in business or education. Courses in business administration and economics, health and physical education, secretarial science, and education are designed to prepare students for employment in these fields and to give them knowledge of the history and literature of the respective disciplines. They are also designed to provide such curricula leading to degrees as will combine specialized training with a liberal education.

ALLIE LOU FELTON GILBREATH
Professor of Education

B.S., Florida State; M.A., University of Iowa; University of Chicago; East Tennessee State University; Litt. D. Steed College of Technology.

JOHN L. MORRISON
Associate Professor of Education
B.Th., San Jose Bible College; A.B., M.A., San Jose State College; Ph.D., Stanford University.

The program of teacher education is designed to serve persons who wish to be certified for elementary and secondary teaching and guidance counseling. Students in Milligan do their observation and student teaching in nearby communities. A special feature of the program is a semester of professional education. Students do eight or nine weeks of full-time student teaching and attend a group of seminars which are especially designed to give a combination of theory and practical experiences in education.

EUEL J. OWNBY
Associate Professor of Education
B.A., Carson-Newman College; M.A., George Peabody College; University of Tennessee.

JAMES L. SHIELDS
Associate Professor of Education
B.Sc. in Ed., University of Southern California; B.A., M.A., Pacific Christian College; M.A., Long Beach State College; Ed.D., University of Tennessee.

HOWARD LAMON
Assistant Professor of
Business Administration
B.S., Tennessee Wesleyan College; M.B.A.,
University of Tennessee.

Courses in business Administration are primarily of a vocational nature and are concerned with the specific application of general economic and commercial principles. They emphasize knowledge and techniques useful to students intending to pursue careers in business. The main purpose of the courses in economics is to develop in the student the ability to analyze and understand economic principles and institutions from a historical as well as a contemporary point of view. These courses furnish the theoretical background necessary for the achievement of a particular vocational or professional goal.

SAMUEL THOMPSON
Professor of Economics
B.A., Lincoln Memorial University; M.A.
and Ph.D., University of North Carolina;
LL.B., Emory University; Milligan Col-
lege; East Tennessee State University.

CO-CHAIRMAN EUGENE P. PRICE

Administration
B.A. and M.A., Duke University; Harvard
University.

HUGH THOMPSON
Instructor Professor of
Business Administration

HAZEL TURBEVILLE
Professor of Secretarial Sciences
B.A., Western State Teachers College;
M.A., University of Kentucky; Bowling
Green Business University; Ed.S., George
Peabody College.

PATRICIA JANE BONNER
Assistant Professor of
Health and Physical Education

B.A., Milligan College; M.E., University of Arizona; San Fernando State College; Fullerton State College; Pepperdine College; University of Colorado; University of California at Los Angeles.

ROWENA BOWERS
Associate Professor of
Health and Physical Education
B.S., M.A., East Tennessee State College.

Milligan College recognizes the need for physical and social as well as intellectual and spiritual development for the well-being of the individual. Courses are provided to give training in recreation and in major and minor sports. In addition, the program provides for the preparation of teachers in health and physical education as well as coaches and recreational workers.

DUARD B. WALKER
Professor of Health and
Physical Education

B.S., B.S. in Physical Education, Milligan College M.A., Teachers College, Columbia University of Tennessee.

B. HAROLD STOUT
Associate Professor of
Health and Physical Education
B.S., East Tennessee State University; M.S. University of Tennessee.

PHILLIP A. WORRELL
Assistant Professor of
Health and Physical Education
B.S., Milligan College; M.S. Indiana State.

ROBERT EWBANK

Assistant Professor of Biology

Milligan College; D.D.S., Northwestern University; East Carolina University.

LONE L. SISK

Professor of Chemistry

B.A., Carson-Newman College; B.S., East Tennessee State College; M.A., George Peabody College; University of Tennessee; Vanderbilt University.

Perhaps the distinguishing feature of life in the Twentieth Century is the ever-increasing knowledge of natural forces and resources. Man has felt both elated and dismayed by what such knowledge reveals. Effort is made in the teaching of science in Milligan to acquaint the student with the basic phenomena of science so that he may develop a better understanding of the environment as a unified system.

CHARLES E. GEE

Assistant Professor of Biology and Education

B.S., University of Wisconsin; M.S., Oklahoma State University; Ph.D., Michigan State University.

Area of Scientific Studies

The biological studies seek to acquaint the student with the basic phenomena pertinent to an understanding of the living world. The relationships of chemistry and physics to the living activity and survival are stressed and the student is made aware of his role in the environment.

EDDIE D. LEACH

Assistant Professor of Biology

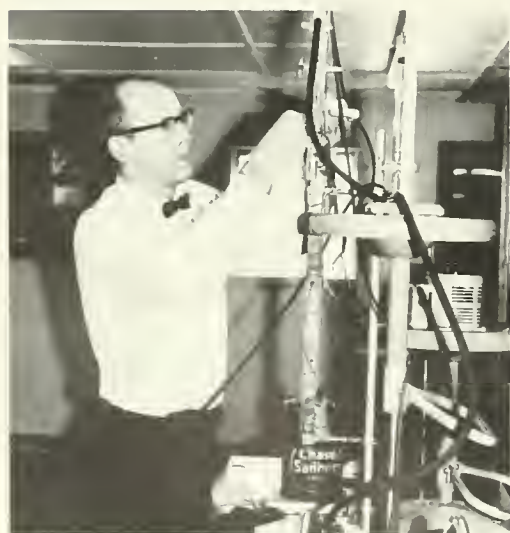

B.A., M.A., Baylor University; Ph.D., Texas A & M University.

The chemistry curriculum is designed for the student planning a career in industry, research, engineering, teaching, or the biological sciences. It also contributes to the appreciation of this science as it applies to daily life.

LEE ROY HERNDON
Professor of Chemistry

B.A., Maryville College; Ph.D., Johns Hopkins University; University of Chicago.

EUGENE NIX

Assistant Professor of Chemistry

B.S., in Ed., M.S., in Ed., University of Georgia; Fort Hays Kansas State College.

YOON KUN BYUNN

Assistant Professor of Mathematics
B.A., King College; M.A., University of North Carolina.

ROY HAMPTON

Assistant Professor of Mathematics
B.S., Milligan College; M.S., University of Pittsburgh; University of Tennessee; East Tennessee State University; Johns Hopkins University.

GUY R. MAULDIN

Assistant Professor of Mathematics

B.A., M.S., Mississippi State University; University of Texas; University of Kentucky.

The aims of mathematics are to develop logical reasoning, to create an inquiring attitude, to provide a general mathematical foundation for life's activities, to promote a desire for further investigation and study, to supply the working tools of science, and to engender a satisfaction in personal accomplishment.

Area of Social Studies

CHAIRMAN ROBERT O. FIFE
Professor of History

B.A., Johnson Bible College; B.D., Butler University; Ph.D., Indiana University; University of Glasgow.

An adequate understanding of the present and an intelligent shaping of the future depend upon the knowledge of history. It is, therefore, in keeping with the mission of Milligan College that a sound program of historical study can be offered.

The social studies program of Milligan College is designed to provide for the student a broad and appreciative understanding of the political, economic, and social problems of the current environment. The purpose of the understanding is to achieve in the student the sustained habit of informed and critical thought toward present and future problems involving man's social relationships. The objective of this achievement is to assure that in encountering these societal phenomena the student will apply Christian ethics.

ROBERT B. HALL
Assistant Professor of Sociology
B.A., Cincinnati Bible Seminary; Southern Baptist Theological Seminary; B.D., M.A., Butler University; Vanderbilt University.

JOHNSON CITY • JONESBORO

You can count on us to provide a continuous flow of electricity, at low cost, every time you flip the switch.

Thanks to the financial soundness of Elizabethton Electric System, you are charged the lowest electric rate permitted TVA. (It's said to be the lowest cost for electricity in the nation!) You can heat and cool your home, cook, launder clothes, wash dishes, heat water, and much more—all at a reasonable cost.

And, we also work hard for electric service so dependable you can take it for granted. This means keeping our present distribution system in good condition, as well as forecasting future electrical usage and building ahead to supply this power.

Our constant aim is continuous, low-cost electricity you can always take for granted!

"Nothing is Permanent
in Fashion
But Good Taste."

Looking back over the past year, as yearbook editors have a tendency to do, many thoughts come to mind, both joyous and sad, exciting and boring, exhilarating and disappointing. We, of the **Buffalo** staff have attempted to record the events and activities of Milligan—1970, and hope that we have succeeded in capturing the true spirit of the preceding school year.

Tradition has it that the editor takes advantage of the last page in the yearbook to throw bouquets to all who have contributed to the success of said publication, and in this matter I choose not to break with tradition. Without the help of the 'gang', Marilyn, Nancy, "Tink", and Cathy, this book would not have been published. The staff has worked long and hard to compile these pages and our only request is that you read and find interesting the material before you. I, personally, offer my thanks to those 'special' people who have been particularly understanding, especially around deadline dates.

Milligan—1969-1970—will be remembered for many things. Some of those which come to my mind include ... the earth tremor ... the broken water main and subsequent trips off campus ... the worst weather in Tennessee's history ... Dean Oakes retiring as Academic Dean ... the soon-to-be-completed bridge ... sleeping through 8:00 classes ... the Christmas party for the underprivileged children ... cutting convocation ... Junior-Senior steak fry ... open-house ... Tex Ritter's "Do not forsake me ..." ... wearing slacks to the dining hall and library ... the Awards Banquet ... "Buffalo Meat" ... student teaching ... the year of the cyclamate scare ... draft lottery ... Peace Moratorium ... drive into Cambodia ... when the **Stampede** became worthy of notice ... and naturally for the seniors, baccalaureate and commencement.

It is with a great degree of pride in my accomplishment that I pen this last page of the yearbook, and only hope that each of you take as much pleasure in reading it as the staff had in preparing it for you.
